

EVER: The first 12V evaporative unit on the market that allows the temperature to be adjusted

The EVER evaporative system provides a feeling of **comfort and freedom** for all types of vehicles, as it is designed to

work with the water pump in your motorhome or camper.

Designed to meet the demands of even the most discerning users.

Designed for those who love freedom and nature

Our EVER system is designed for **everyone**:

whether you're travelling with family or pets, the EVER suits everyone, including older people, allergy sufferers, people who suffer from asthma.

Proven quality BERGSTROM

Bergstrom, with over 70 years of experience, is a leader in manufacturing climate control systems for vehicles.

Our commitment to you and the environment focuses on continuous improvement in three key areas: innovation, European manufacturing, and quality.

LEADER IN ELECTRIC AIR CONDITIONING FOR VEHICLES

EVER TEMPERATURE, YOUR CHOICE

KEEPS YOUR MOTORHOME COOL AND COMFORTABLE, WHATEVER YOUR NEEDS.

Enhances comfort and improves your travel experience

Designed with **state-of-the-art technology** to guarantee superior **performance**, a **reduction** in fuel **usage** and a decrease in **CO2 emissions**.

Adjust the temperature to your liking

The only evaporative unit for motorhomes and other recreational vehicles that allows you to choose **air delivery temperature** and **blower speeds**.

12V

Operates on 12V

The EVER system connects directly to your vehicle's water system.

Natural, eco-friendly filter

The material is more eco-friendly than the plastic used in other units, and doesn't require biocides for maintenance.

Outer structure in ABS

Its robust, high-quality outer casing is UV protected.

Multi-directional ventilation

180° fan-shaped air distribution, preventing blind spots

2 positions and 3 modes

The only evaporative unit that lets you choose between two installation options

Innovative interior design

LCD colour display with 6 manually adjustable air outlets and a remote control with IR technology.

Certified quality

We hold the certifications that best suit our products: ISO 9001, ISO 14001 / IATF 16949.

LED ambient light

Natural LED perimeter lighting with adjustable intensity, perfectly integrated with the interior décor.

EVER

TECHNICAL CHARACTERISTICS

Use	Night / Day
Installation	Roof
Assembly position	Horizontal
Skylight	40 x 40 cm (50 x 70 cm optional)
Voltage	12 V
Power consumption	3.89 A*
Dimensions	Base unit 860 mm x 787 mm x 197 mm Interior console 520 x 520 x 65 mm.
Water consumption	1.4 l/h*
Maximum airflow	420 m ³ /h
Diffuser ventilation angle	180°
Air curtain speeds	8
Applications	Motorhomes Recreational vehicles
Weight	Base unit 20.8 kg Interior console 2 kg
Remote control	Yes
Auto-off configuration	Yes, from 15 min to 9 h

(* Test conditions: Test conditions at 35°C outdoor and 45% RH.
